

Build Wealth Not Debt

> Start saving with _____ Saves

Do what works:

Save something out of every paycheck—no matter how much or little. Make it automatic. You know if it isn't in your pocket or easily accessible from the ATM, you are more likely to see your savings grow. Have a goal. Save for something you want—and create a plan on where, how, and when you will deposit your money.

America Saves Week is your opportunity to start. Make a commitment
